MARTIN'S ROSE NURSERY

P. O. Box 155 --- ROUTE 1

ARP, TEXAS

FRANK L. MARTIN, OWNER

DEAR SIR OR MADAM:

This year we are offering Rose Bushes of an exceptionally good quality and in a wider range of variety than heretofore. Although the supply is greater than last year, the better varieties and grades will be sold out, we predict, before the season closes.

Our Rose Bushes are all 2-year-old field-grown plants, sulphur-dusted throughout the growing season to prevent any disease, and are of the very best quality for each grade.

Our Nursery grows Roses exclusively and we take undue pride in the fact that we produce as high quality product as can be grown in this, the greatest rose-growing section in the world.

We do our best to always satisfy our customers and guarantee our Rose Bushes to be true to grade and variety.

We ship promptly on the date you specify. Our roses are shipped direct from the fields in the fall—until about Christmas—and from cold storage in the late winter and early spring.

Regardless of where or from whom you buy Roses, may we suggest that you place your order early in order to avoid any disappointments due to inability of the nurseryman to furnish the grade or varieties you desire.

If you have ordered from us before, you know the quality of our product. If you have not, then we invite a trial order, and assure you that you will be well pleased with the quality, service and price we offer.

Hoping to be favored with an early order from you, and assuring you that we will do our very best to satisfy you in every respect, we are

Sincerely yours,

MARTIN'S ROSE NURSERY,

By FRANK L. MARTIN,

Owner and Manager.
